

**US Army Corps
of Engineers®**

Petoskey Harbor, MI

Harbor Features

- Located on the east shore of Lake Michigan about 50 miles south of the Straits of Mackinac.
- Authorization: River & Harbor Acts of 18 Aug 1894, 13 Jun 1902.
- Recreational harbor.
- Approximately 1,345 feet of breakwater.
- Major stakeholders include the City of Petoskey, Emmet County, Michigan DNR, and Michigan Boating Association.

Project Needs

- Navigation structure is primarily maintained by Government floating plant. The breakwater failed in the spring of 2006, stone was placed around the failed section of the breakwater, but major repairs still need to be made.

Consequences of Not Maintaining the Project

- Loss of jobs locally.
- Loss of recreational and charter fishing in the area.

Transportation Importance

- This project serves as an important Harbor of Refuge as well as charter fishing and recreational navigation interests.
- The local community has established a significant infrastructure around the harbor facilities that generates income from harbor users and visitors to the area.
